WORK EXPERIENCE:

ICIT Computer Institute ,Vikhroli,Mumbai
Teacher -
Instructed students in programming languages
including C, C++,and HTML.

EDUCATIONAL BACKGROUND

- Chhatrapati Shivaji Maharaj University - B.Tech Computer Science And Engineering - 2026
- Shri Sai Institute of Technology, Aurangabad-Diploma in Computer Science Engineering
- Nanji Shamji Shah - Completed 10th Grade.
- ITvedant - Masters in Full Stack Web Development using Python

TECHNICAL SKILLS

Programming languages:

C, C++, Java, SQL, HTML, CSS, Javascript, Python, Django, Bookstrap, Tailwind

PROJECTS

- **Daily Journaling Web App ("LifeScribe"):** Developed a responsive journaling app with a Bootstrap-based interface, including CRUD functionality for entries and user authentication features. The app allows users to track daily thoughts and experiences, maintaining consistency across devices.
- **Car Wash Service Marketplace ("CarGo"):** Created an end-to-end platform connecting car owners with service providers. I implemented user and service provider registration, a booking system, email confirmations, and a custom admin interface for managing business details and service listings.
- **Doctor Appointment Booking System:** Designed a booking system that allows patients to view available doctors, book appointments, and receive booking confirmations. The doctor dashboard includes a table of booked appointments with options to update and delete entries.
- **Event Management Website ("Pearlevent"):** Built a responsive event management website with an improved, interactive navbar and centered homepage content to enhance readability and appeal.
- **E-Commerce Showcase:** Developed a dummy e-commerce website to demonstrate skills in Django, Python, and Bootstrap. This project includes product listings, a 'book now' page, and a layout optimized for responsiveness on mobile devices.

LANGUAGES

Marathi, Hindi,,English

Personal Attributes

- Problem solver, Quick learner, Hardworker, Curious.
- I'm eager to contribute to innovative projects and grow with a dynamic team, continually expanding my technical
- expertise and delivering impactful solutions.
